CAMPAIGN PLAN

2025 Holiday Season Campaign Plan

For optimum performance of this 6 week holiday season campaign plan, we recommend a minimum budget guide of $700.

This is split across the **3 stages of the marketing funnel** which are **Top of funnel** (awareness), **Middle of funnel** (consideration), and **Bottom of funnel** (decision). You can of course add more than our minimum budget, which will mean your campaigns will get more visibility across the ad platforms.

Your 6 week plan to boost your brand over the 2025-26 festive holidays.

Top of funnel
This is primarily awareness of you, your brand and your services.

Middle of funnel
This is where potential prospects are considering you, your brand or services.

Bottom of funnel
This is where potential prospects decide to engage with you, your brand or services

Week 01

BUDGET

Why Choose You? (2025 in Review)

TOTAL CAMPAIGN BUDGET

$700

Quick facts

Here's a few quick questions answered.

Which networks will these Rex Reach ads be placed on?

With the minimum spend at $700 we recommend the Rex Reach ad types to appear on the Meta Ad Network (Facebook and Instagram). If you have more budget you may also include the Google Ad Network.

How does the plan work?

The aim of the plan is to drive prospects down the funnel to enquire with you. In each week as prospects engage with your ads they will move into the next funnel ad group.
